

Trends and Best Practices in Writing Scientific Articles for Scopus and ISI Publications

December 5-7, 2019

Castle Peak Hotel, Cebu City, Philippines

Considered to be the gold standard in publication, publishing in ISI (now Clarivate Analytics) and Scopus Elsevier indexed journals is a goal for every researcher as it validates the quality of their research work as well as their reputation as a published author. With a very tedious vetting process, low acceptance and high rejection rates, how can one researcher publish his/her manuscript in journals indexed by ISI (Clarivate Analytics)/Scopus?

Capacitating every research author to publications in high-impact journals through skills development, the **Asian Society of Teachers Inc.** holds the ***Trends and Best Practices in Writing Scientific Articles for Scopus and ISI Publications*** on December 5-7, 2019 at the ***Castle Peak Hotel, Cebu City, Philippines.***
