

Training-Workshop on Preparing Research Manuscripts for ISI and SCOPUS Publications

February 27-29, 2024

Castle Peak Hotel, Cebu City, Philippines

Considered to be the gold standards of publishing top-tier research publications, the Web of Science (ISI, now Clarivate Analytics) and Scopus are renowned scientific indexing and abstracting services which provide an indispensable platform for researchers for the global visibility, credibility, and prestige of the published research work. The significance of ISI and Scopus publications lies not just in their role as repositories of knowledge but also in their ability to shape the trajectory of academic conversations; influencing researchers, institutions, and policymakers, alike. Serving as gatekeepers of the academic world, these platforms present a challenge and an opportunity: how can researchers navigate the intricacies of preparing, polishing, and publishing research manuscripts that embody methodological rigor, innovation, and scientific impact?

Capacitating every researcher through skill development, the **Asian Society of Teachers for Research Inc.** invites you to the **Training-Workshop on Preparing Research Manuscripts for ISI and Scopus Publications** on **February 27-29, 2024 (9:00 am -5:00 pm)** at the **Cebu Castle Peak Hotel, Cebu City, Philippines.**
