Training-Workshop on AI-Assisted Scientific Writing and Prompt Engineering for Publishable Quantitative and Qualitative Research Outputs in High-Impact Journals

September 14-16, 2026

Castle Peak Hotel, Cebu City, Philippines

As the history of scholarship has always been the history of better tools, scientific writing in the age of Generative AI has significantly altered the landscape of academic publishing. For researchers aiming for high-impact journals, AI tools offer immense potential to streamline workflows, refine language, and structure arguments for both quantitative and qualitative research. However, this immense potential is inextricably linked to the critical need for responsible use and mastery of prompt engineering. Proficiency in prompt engineering is paramount for tailoring Generative AI assistance to the specific nuances of quantitative and qualitative research. The ethical deployment of AI ensures research integrity, while effective prompt engineering dictates the utility and accuracy of the generated outputs. Accelerating the writing process and improving clarity while upholding ethical standards through transparency, rigorous verification, and the protection of intellectual property, how can researchers leverage AI technologies to produce high-quality, publishable quantitative and qualitative research outputs while maintaining the core integrity of the scientific enterprise?

Promoting the responsible and ethical use of Generative AI in the research process, the **Asian Society of Teachers for Research Inc** holds the **Asian Society of Teachers for Research, Inc.** hosts the **Training-Workshop on AI-Assisted Scientific Writing and Prompt Engineering for Publishable Quantitative and Qualitative Research Outputs in High-Impact Journals** on **September 14-16, 2026** at the **Castle Peak Hotel, Cebu City, Philippines** with our resource speakers **Dr. Alexander S. Acosta** of the *Philippine School Doha* and **Dr. Imee C. Acosta** of the *Virginia Commonwealth University School of Arts Qatar*.

OBJECTIVES OF THE TRAINING-WORKSHOP:

- *To develop effective prompting techniques to maximize the ethical and strategic use of Generative AI in scientific research and writing;*
- *To apply AI-assisted scientific writing strategies to produce clear, rigorous, and publishable quantitative and qualitative research manuscripts;*
- *To evaluate and refine AI-generated research outputs to ensure accuracy, research integrity, and compliance with the standards of high-impact journals; and*
