

TRAINING PROGRAMME

Advanced Mixed Methods and Analysis for Publishable Research in Scopus-indexed Journals

November 27-29, 2025*
Castle Peak Hotel, Cebu City, Philippines

Objectives:

1. To develop advanced competencies in integrating qualitative and quantitative approaches within mixed methods research designs suitable for publication in Scopus-indexed journals;
2. To provide hands-on training in advanced quantitative analyses applied within mixed methods frameworks; and
3. To enhance researchers' ability to design, analyze, and present publishable mixed methods studies, ensuring methodological rigor, alignment with journal standards, and higher chances of acceptance in international publications.
