

## TRAINING-WORKSHOP ON AI-INTEGRATED RESEARCH ADVISING AND PANELING

October 10-12, 2024

Goldberry Lite Hotel - Iloilo, Iloilo City, Philippines

The International Association of Scholarly Publishers, Editors and Reviewers (IASPER) with the SEC Registration No. CN201433407 is inviting you to participate in the **Training-Workshop on AI-Integrated Research Advising and Paneling** on **October 10-12, 2024** at **Goldberry Lite Hotel - Iloilo, Iloilo City, Philippines**.

The success or failure of a research student often hinges on the quality of research advising and paneling, yet formal training in these critical tasks is scarce. As a result, many educators rely on outdated practices rooted in their personal thesis experiences. This training addresses this gap by equipping participants with cutting-edge trends in thesis advising that increase the likelihood of peer-reviewed publication acceptance.

It aims to empower educators to formulate innovative policies and procedures to enhance the advising and paneling process, adopt non-directive paneling techniques, and leverage AI tools to boost the quality and efficiency of their guidance. Additionally, the training will establish frameworks to incorporate external and international experts, enriching the advising and paneling landscape with diverse perspectives and specialized knowledge.

The training objectives are to:

1. learn recent trends in thesis advising that guarantees the paper's acceptance to peer reviewed publication;
2. formulate new policies and procedures to strengthen thesis advising and research paneling;
3. acquire non-directive techniques of research paneling;
4. apply AI tools and technologies to improve the quality and efficiency of research advising and paneling processes; and
5. establish mechanisms for external and foreign experts to assist research advisers and panelists.
